(By no means a complete list)

During battles

- 1) Never point your weapon directly at anyone- always point it off to one side or up.
- 2) Maximum load for muzzleloaders 70 grains of black powder
- 3) Minimum distance between combatants to fire is 10 yards/30 feet
- 4) Minimum distance between infantry and artillery is 20 yards/60 feet
- 5) Only when a real emergency arises should you yell "medic".
- 6) Red blocks near artillery show minimum safe distance for them to fire
- 7) When scenario calls for advancing on artillery, never fire your weapon once inside the red bocks
- 8) Always have weapon, ammo and equipment inspected before beginning of first battle
- 9) Artillery with both implements held above the wheel hubs means the gun is LOADED. Do not approach.
- 10) Rammers, knives and bayonets are NEVER to be drawn on the battlefield.

You will be expected to follow commands and act in an appropriate manner when on the battlefield.

You will be expected to maintain a period correct appearance and have appropriate chairs and such while in ACWC camp-along with any family members that wish to remain in camp with the rest of the group during public visiting hours.

Thank you for your interest in the Arizona Civil War Council, American Civil War History and reenacting in general. Please feel free to ask any questions and declare any issues you might have.

I have read the Rules and Regs and agree to abide by them.

I acknowledge that by paying a fee for temporary membership, I am granted insurance coverage by ACWC inc. for the duration of my participation ONLY and ONLY at the event proper.
